EARLY MATHS PICTURE ACTIVITIES

Count, compare, add and take away with pictures!

Ages 2–6

By Uncle Sam

WELCOME, PARENTS, CAREGIVERS & EDUCATORS!

This activity pack introduces young learners to early maths through pictures. Help your child count objects, compare groups, and try simple addition and subtraction.

For parents, caregivers, and teachers:

Look at each picture together. Encourage your child to count aloud, point to the objects, and explain what they notice. Offer support when needed, and celebrate their effort.

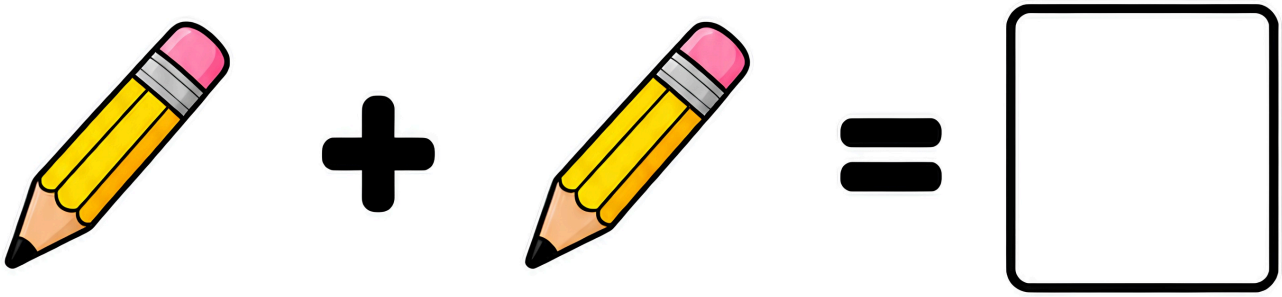
Learning maths can be fun!

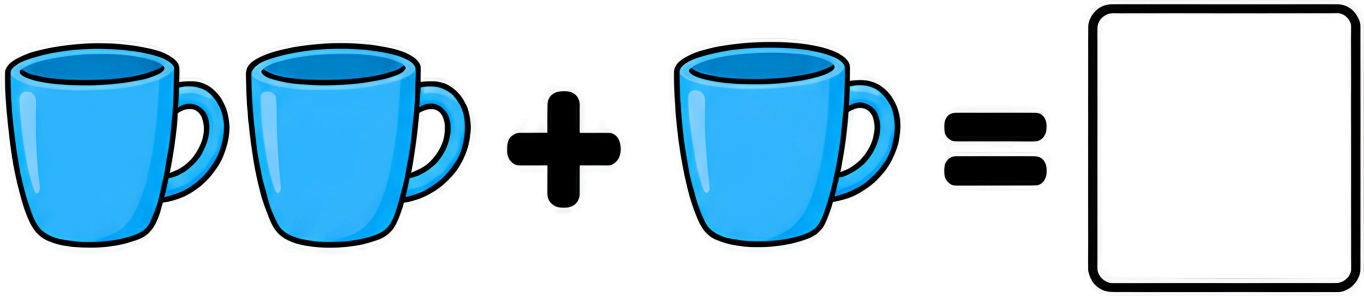
This book belongs to:

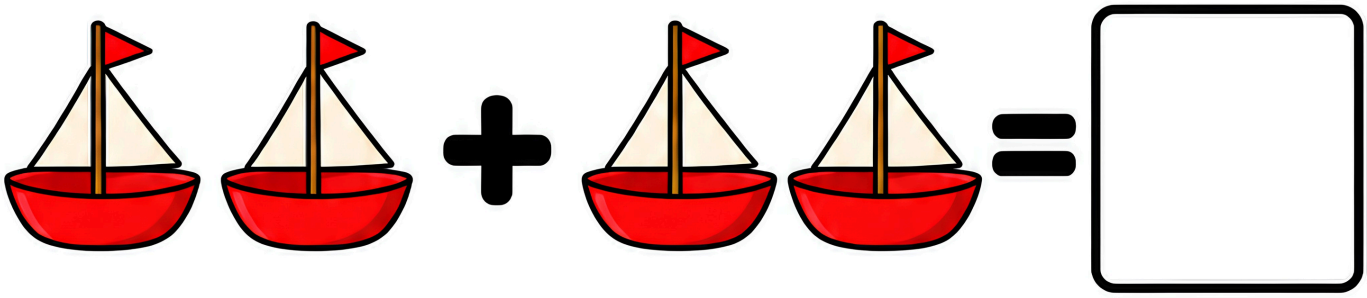
_____

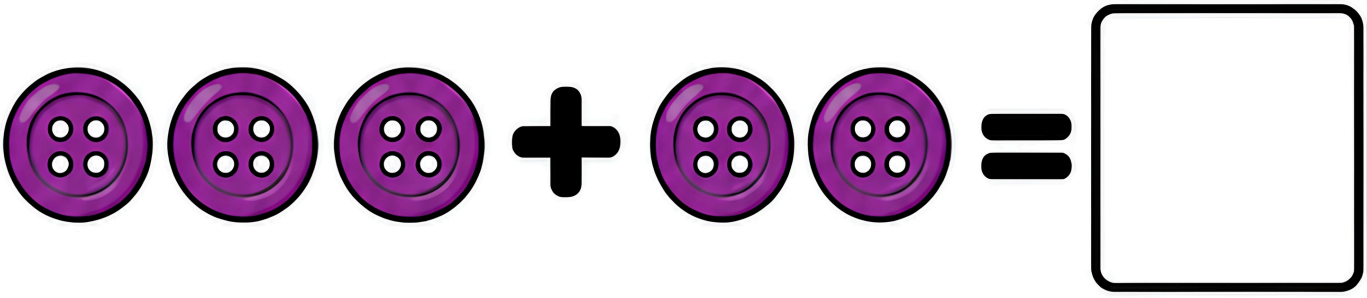
Add the Pictures

Add the pictures. Write the answer in the box.



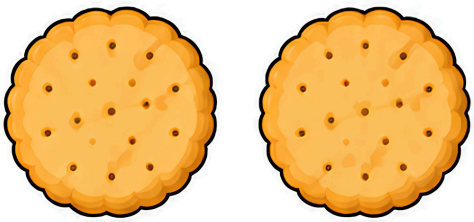


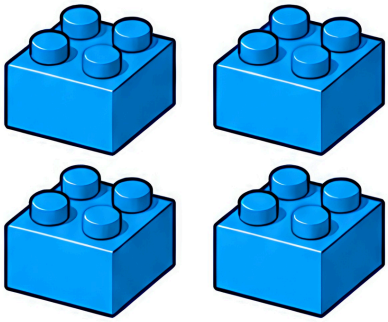


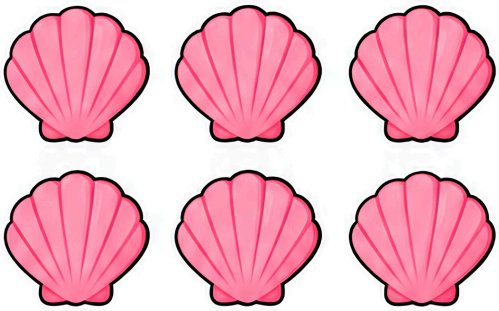


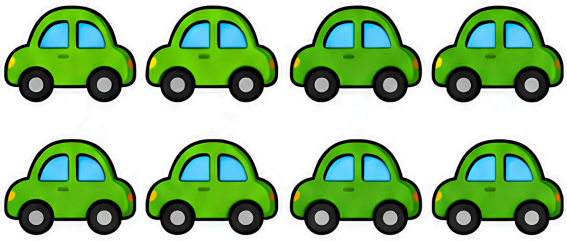
Share Equally

Draw the pictures in the boxes. Give each box the same number.



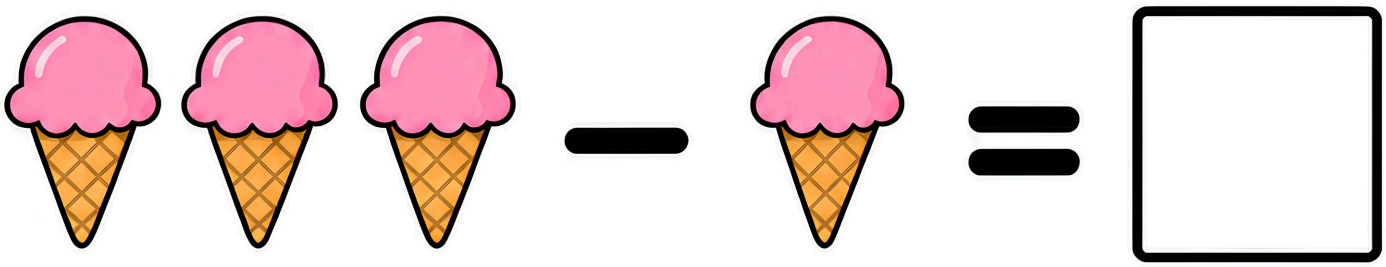


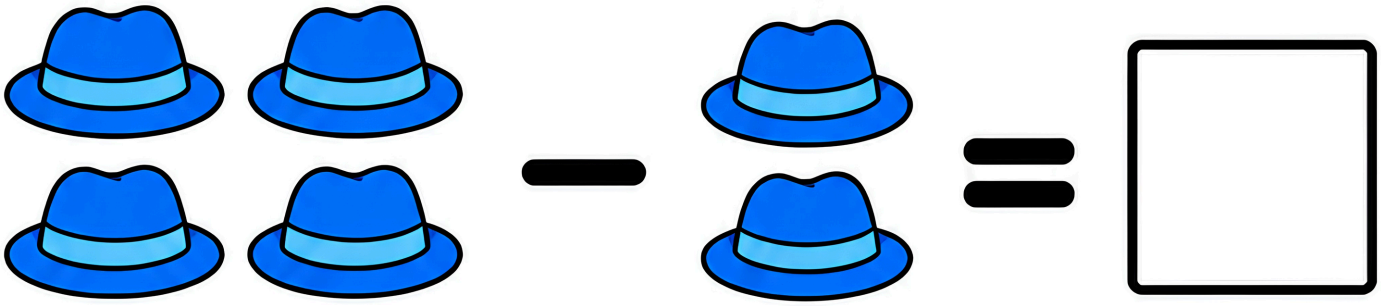


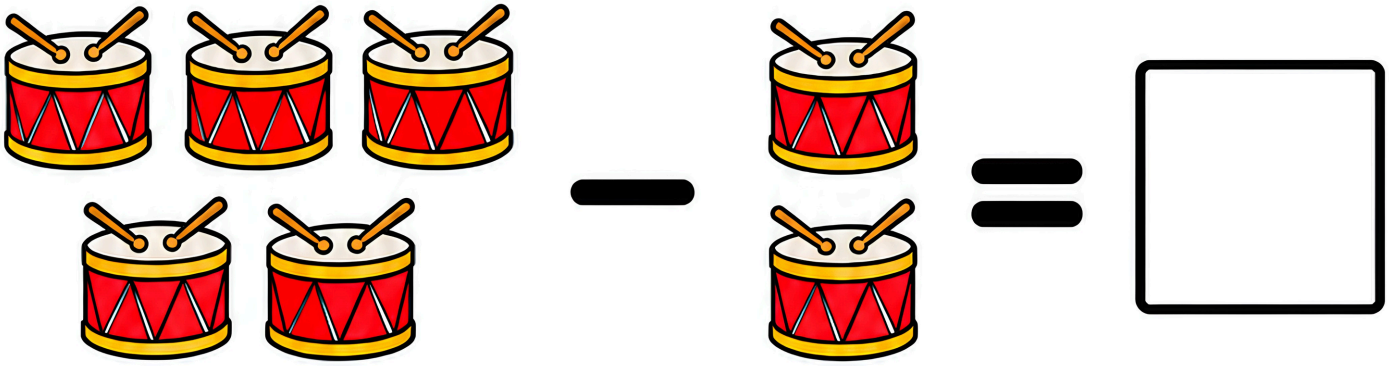


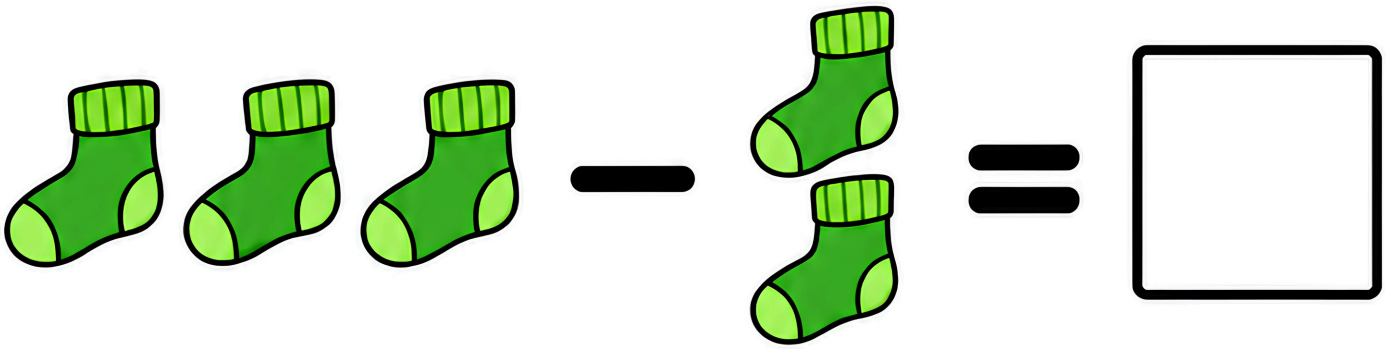
Subtract the Pictures

Subtract the pictures. Write the answer in the box.









One Less

Cross out one picture in each row. Write how many are left.
